**Helena Chemical Company proudly introduces 2016 West Central Division Intern Award Winner, Samantha Teten – West Central Division Manager Neil Timmerman names University of Nebraska-Lincoln student as a scholarship award winner**

**West Des Moines, IA** - - Helena Chemical Company recognizes Samantha Teten as the 2016 Outstanding West Central Division Intern Award winner. From Johnson, Nebraska, Samantha is entering her sophomore year at the University of Nebraska-Lincoln, majoring in Agronomy. She was selected from a competitive group of 59 interns throughout the Midwest for her outstanding performance throughout the summer internship with Helena Chemical Company. She worked as a Summer Sales and Marketing Agronomy Intern for the Hutchinson, KS, wholesale location.

*Samantha Teten, 2016 Outstanding West Central Division Intern Award Winner*

During her summer internship, Samantha worked with many of Helena's dealer customers, positioning Helena's proprietary product lines and managing product trials across the central Kansas market. Her internship was completed in mid-August.

The 2016 Helena Summer Intern class was comprised of 59 students from 23 Universities across the country. The scholarship award is designed to encourage creativity and innovation among the intern team and assist with college expenses.

Benjamin Marks (Illinois State University) and Laura Toben (Iowa State University) were awarded the Midwest Division Awards; Katie Carnahan (Purdue University) received the North Central Division Award; and Sarah Kezar (Oklahoma State University) was recognized as the top intern for the Northwest Division.

Helena Chemical Company is a leading distributor and formulator of crop protection and crop production inputs and services. Based in Collierville, Tennessee, Helena has nearly 450 locations across the United States.
