

THINKING DIFFERENTLY ABOUT EXTENSION WORK

January 27

3:30 pm

Presented by

CHUCK HIBBERD

Dean and Director, Nebraska Extension

Advancement in teaching and learning methods for Nebraska Extension professionals is evolving the way we engage Nebraskans. Also, the roles of extension educators and specialists are evolving as we think about collaboration and accomplishment. Our opportunity in this age of digital engagement can strengthen our relationships with learners in ways that enhance outcomes. This will be an interactive seminar on modern extension methods and applications.
