

WALTER DANIEL CARCIOCHI

Department of Agronomy and Horticulture
University of Nebraska-Lincoln, Lincoln, Nebraska, USA
Phone: +1 (531) 218-8986
E-mail: wcarciochi2@unl.edu

EDUCATION

- Ph.D. in Agricultural Sciences. Emphasis in Soil Fertility and Plant Nutrition **2014 - 2017**
National University of Mar del Plata, Argentina.
Thesis: Evaluation of sulfur availability diagnostic methods in maize.

B.S. in Agronomy **2008-2013**
National University of Mar del Plata, Argentina.
Thesis: Sulfur effects on nitrogen use efficiency in wheat.

PROFESSIONAL EXPERIENCE

- | | |
|---|---------------------|
| Research assistant Professor | 2024-PRESENT |
| University of Nebraska–Lincoln. USA | |
| <ul style="list-style-type: none">• Project coordinator “Global assessment of potassium limitation to crop yields”. Conduct data collection and analysis, writing scientific manuscripts. Mentor graduate students. | |
| Postdoctoral Research Associate | 2023 |
| University of Nebraska–Lincoln. USA | |
| <ul style="list-style-type: none">• Project coordinator “Global assessment of potassium limitation to crop yields”. Conduct data collection and analysis, writing scientific manuscripts. | |
| Visiting Faculty | 2022-2023 |
| University of Nebraska–Lincoln. USA | |
| <ul style="list-style-type: none">• Analyzed data; wrote scientific manuscripts and extension publications in soybean and maize cropping systems and soil fertility; mentored graduate students. | |
| Assistant Researcher | 2022-2023 |
| National Scientific and Technical Research Council, Argentina | |
| <ul style="list-style-type: none">• Wrote grant proposals, mentored interns, undergraduate, and graduate students, analyzed data, wrote scientific publications, and collaborated on multidisciplinary projects. | |
| Assistant Professor | 2019-2023 |
| National University of Mar del Plata, Argentina | |
| <ul style="list-style-type: none">• Research: Wrote grants proposals, supervised field and greenhouse experiments, was responsible for the organic amendment analysis laboratory, analyzed data, wrote scientific publications, and mentored interns, undergraduate, and graduate students. | |

- Teaching: Was responsible for laboratory, field, and discussion classes. Lecturer.
- Extension: Wrote extension grants proposals and publications. Organized and dissented at workshops and meetings for farmers and crop advisors. Conducted agronomic advice on soil fertility and crop nutrition.

Subsecretary of Extension

2020- 2022

National University of Mar del Plata, Argentina

- Promoted relationships between the University and companies, producers, and the community. Organized workshops for farmers. Organized visits for high school students and disseminate the university academic offer.

Postdoctoral Fellow

2018-2022

National Scientific and Technical Research Council, Argentina.

- Collaborated in grant proposal writing, mentored graduate students, executed field experiments on soil fertility in wheat, barley, sunflower, soybean, and maize, analyzed data, and wrote scientific manuscripts.

Postdoctoral Fellow

2018-2019

Kansas State University, USA

- Conducted literature reviews, analyzed data, and prepared scientific manuscripts and professional presentations. Coordinated field and greenhouse experiments on N, P, and S in soybean and maize.

Graduate Teaching Assistant.

2014 - 2019

National University of Mar del Plata, Argentina

- *Ad-honorem* teaching assistant. Taught laboratory and field classes, mentored undergraduate teaching assistants.

Undergrad Researcher

2011-2012

Scientific Research Commission of Buenos Aires

- Executed greenhouse experiments on N and S in wheat, soil and plant sampling, and did laboratory analysis.

TEACHING EXPERIENCE

Guest Lecturer

2020-2023

Graduate Course: Biochemistry and microbiology of soils.

National University of Mar del Plata

- Taught lecture classes on sulfur cycle

Assistant Professor

2019-2021

Graduate Course: Soil fertility and fertilizer use.

National University of Mar del Plata

- Coordinated discussion classes and seminars

Assistant Professor

2019-2023

Undergraduate Course: Edaphology

National University of Mar del Plata

- Taught laboratory, field, and lecture classes

Graduate Teaching Assistant

2014 - 2019

Undergraduate Course: Edaphology

National University of Mar del Plata

- Taught laboratory and field classes.

Graduate Teaching Assistant

2014

Undergraduate Course: Introduction to Production Systems

National University of Mar del Plata.

- Collaborated in discussion and field classes.

RESEARCH GRANTS (Total of 18)

- 1.** Project AGR694/23 "Use of hairy vetch as a sustainable management practice in the agroecosystems: Impact on nitrogen synchronization, productivity and grain quality in maize, sunflower, and soybean". Period: 2023-2025. **Principal investigator**

2. Project PI-INICIAL-2021 "Nitrogen dynamics in cover crop-maize sequences: effect on maize nutrition, yield, and grain quality". *Period:* 2022-2023. **Principal investigator**
3. Project PICT 2021-CAT-I-00139 "Valorization and treatment of waste from dairy farms for the production of biogas, biofertilizers, and wastewater sanitation". *Period:* 2022 – 2025. **Collaborator**
4. Project PICT 2020-SERIEA-00605 "Nitrogen fertilizer management to increase the nitrogen use efficiency in maize and mitigate gas emissions in the Pampas region". *Period:* 2022 – 2025. **Co-principal investigator**
5. Project PICT 2020-SERIEA-03338 "Determining critical values of edaphic biota parameters, indicators of sustainability". *Period:* 2022 – 2025. **Collaborator**
6. Project PICT 2020-SERIEA-01330 "Diagnostic methods of basic cations and micronutrients in potato". *Period:* 2022 – 2025. **Collaborator**
7. Project PICT 2019-00485 "Use of hairy vetch as cover crop in southeastern Buenos Aires: effect on the following cash crops". *Period:* 2020-2023. **Co-principal investigator**
8. Project UNMdP PI3CET "Livestock waste's valorization through its efficient and sustainable transformation into biogas, biofertilizers, and water for irrigation". *Period:* 2020 – 2021. **Collaborator**
9. Project UNMdP AGR634/20 "Nutrient release and greenhouse gas emissions in production systems including cover crops". *Period:* 2020 – 2021. **Collaborator**
10. Project UNMdP AGR624/20 "Ecophysiological management of cover crops used as forage". *Period:* 2020 – 2021. **Collaborator**
11. Project INTA 2019-PD-E2-I518-002 "Study of the environmental impact, management, and treatment of manure on agricultural and agro-industrial systems for their agronomic valorization". *Period:* 2020 – 2023. **Collaborator**
12. Project INTA 2019-PE-E1-I011-001 "Sustainable agricultural intensification in the Pampean Region". *Period:* 2020 – 2023. **Collaborator**
13. Project INTA 2019-PE-E2-I052-001 "Development and application of technologies for controlling erosion and soil degradation". *Period:* 2020 – 2023. **Collaborator**
14. Project PICT-2017-0757 "Exchangeable bases and micronutrients in soils from the Argentine Pampean region: spatial variability and diagnosis of their availability". *Period:* 2019 – 2022. **Collaborator**
15. Project t AGR447/14 "Macronutrients prognosis in relevant field crops". *Period:* 2014 – 2015. **Collaborator**
16. Project PICT 2011-1796. "Status and diagnosis of sulfur deficiencies in soybean, corn and wheat". *Period:* 2013 – 2016. **Collaborator**
17. Project AGR383/12 "Nutrient deficiencies diagnosis in crops in the southeast of Buenos Aires". *Period:* 2012 – 2014. **Collaborator**
18. Project INTA. "State and dynamic of soil nutrients". *Period:* 2012 – 2018. **Collaborator**

STUDENT MENTORING

Specialist, M. Sc. and Ph.D. (Total of 10)

1. **Cafaro La Menza, F.** 2022. *Title:* Nitrogen dynamic in hairy vetch-maize sequence and its effect on nitrous oxide emissions, grain yield and quality in maize. Ph.D. thesis, UNMdP. **Major Advisor.** (Current student).
2. **Avila Manotoa, O.R.** 2022. *Title:* Potassium in soils of Argentina: diagnosis of its availability in maize and soybean, evaluation of its residuality, and soybean response under different water conditions. Ph.D. thesis, UNMdP. **Co-advisor.** (Current student).
3. **Tovar Hernández, S.** 2022. *Title:* Gaseous emissions and corn productivity according to nitrogen source and rate. Ph.D. thesis, UNMdP. **Committee Member.** (Current student).
4. **Pose N.** 2022. *Title:* Phosphorus recovery in the form of struvite from digestates obtained by anaerobic digestion and evaluation for its sustainable agricultural use. Ph.D. thesis, UNMdP. **Co-advisor.** (Current student).
5. **Tordó, A.** 2022. *Title:* Hairy vetch management in the southeastern Pampas: nutrients release during the following crop rotation. Ph.D. thesis, UNMdP. **Committee Member.** (Current student).
6. **Thomas, J.** 2022. *Title:* Cover crops: impact on soil physical properties in the Argentinean Pampas. Crop Production Specialist. thesis, UNMdP. **Major Advisor.** (Approved).
7. **Bassi, L.** 2021. *Title:* Nitrogen mineralization indices: chemistry characterization and assessment as estimators of nitrogen availability and soil health. Ph.D. thesis, UNMdP. **Committee Member.** (Current student).
8. **Rodriguez, M.P.** 2021. *Title:* Hairy vetch as a service crop: effect on nitrogen and sulfur dynamic in the soybean/wheat sequence in the southern Pampas. Ph.D. thesis, UNMdP. **Committee Member.** (Current student).
9. **Tovar Hernández, S.** 2019. *Title:* Effect of nitrogen and sulfur on sunflower seed yield and quality. M. Sc. thesis, UNMdP. **Committee Member.** (Approved).
10. **Martínez Cuesta, N.** 2018. *Title:* Comparison of soil and plant analysis methods for the diagnosis of zinc availability in maize. Ph.D. thesis, UNMdP. **Committee Member.** (Approved).

Undergraduate (Total of 21)

1. **Chevallier Boutell, J.** 2023. *Title:* Gypsum amendment to revert sodicity issues caused by supplementary irrigation: effect of form and rate. Graduate thesis, UNMdP. **Major Advisor.** (Current student).
2. **Fernández, M.** 2023. *Title:* Activity and diversity of mycorrhizal fungi associated with wheat in systems fertilized with agricultural byproducts. Graduate thesis, UNMdP. **Major Advisor.** (Current student).
3. **Goñi, A.** 2022. *Title:* Nitrogen nutrition x foliar diseases x genotype interaction affecting grain yield and quality of wheat. Graduate thesis, UNMdP. **Major Advisor.** (Current student).
4. **Bannister, W.** 2022. *Title:* Solid dairy manure: impact on silage corn productivity and quality and soil properties. Graduate thesis, UNMdP. **Major Advisor.** (Approved).
5. **González Bonorino, S.** 2021. *Title:* Nitrogen fertilization timing impacting grain yield and nitrogen use efficiency in maize. Graduate thesis, UNMdP. **Major Advisor.** (Approved).

6. **Cafaro La Menza, F.** 2021. *Title:* Management of cover crops to synchronize the nitrogen supply and demand in corn. Graduate thesis, UNMdP. **Major Advisor.** (Approved).
7. **Pio Donofrio, L.** 2020. *Title:* Organic amendments application: effect on soil properties and productivity of wheat-soybean double crop. Graduate thesis, UNMdP. **Major Advisor.** (Approved).
8. **Montovi E.** 2020. *Title:* Organo-mineral pellets enriched with phosphorus and nitrogen: impact on wheat nutrition. Graduate thesis, UNMdP. **Major Advisor.** (Approved).
9. **Pérez Polo, T.** 2020. *Title:* Uniformity distribution of urea by projection application: effect on nutrition, productivity, and quality of wheat (*Triticum aestivum* L.). Graduate thesis, UNMdP. **Co-advisor.** (Current student).
10. **Cuervo, M.** 2018. *Title:* Cover crops: short-term effect on soil quality indicators. Graduate thesis, UNMdP. **Committee Member.** (Approved).
11. **Mendoza, A.** 2018. *Title:* Effect of wheat cover crop killing date on soil water and nutrient availability in maize. Graduate thesis, UNMdP. **Committee Member.** (Approved).
12. **Santos, J.I.** 2018. *Title:* Urea's uniformity distribution broadcasted with different fertilizer machines and its effect on grain production in maize. Graduate thesis, UNMdP. **Committee Member.** (Approved).
13. **Trueba, M.** 2018. *Title:* Effect of nitrogen fertilizer distribution on maize (*Zea mays* L.) nutrition and yield. Graduate thesis, UNMdP. **Committee Member.** (Approved).
14. **Contreras, L.** 2018. *Title:* Cover crops: effect on sulfur availability in soybean. Graduate thesis, FCA, UNMdP. **Major Advisor.** (Approved).
15. **Monachi, E.** 2018. *Title:* Cover crops: short-term effect on soil physical and biological properties. Graduate thesis, UNMdP. **Committee Member.** (Approved).
16. **Mateos, J.** 2018. *Title:* Diagnosis of sulfur availability in wheat. Graduate thesis, UNMdP. **Major Advisor.** (Approved).
17. **Fubel, S.** 2017. *Title:* Estimating the particulate organic carbon content by calcination method for soils of the Pampean region. Graduate thesis, UNMdP. **Committee Member.** (Approved).
18. **Álvarez Estrada, L.T. 2016.** *Title:* Effect of land-use change on the coarse carbon fraction in the Pampean region. Graduation thesis, UNMdP. **Committee Member.** (Approved).
19. **Eriksen, K. 2017.** *Title:* Sulfur fertilization: effect on yield and industrial bread quality of wheat in the southeastern Buenos Aires Province. Graduation thesis, UNMdP. **Major Advisor.** (Approved).
20. **Erdociain, M. 2017.** *Title:* Effect of land-use change on labile nitrogen fractions in the Pampean Region. Graduate thesis, UNMdP. **Committee Member.** (Approved).
21. **Martínez Cuesta, N. 2016.** *Title:* Zinc fertilization technologies in soybean: effect on use efficiency. Graduate thesis, UNMdP. **Committee Member.** (Approved).

Interns (Total of 6)

1. **Terwissen, D.** 2020. *Title:* Cover crops: impact of killing date and species on nitrogen dynamics in maize. Internship UNMdP. **Major Advisor.** (Current student).

2. **Cafaro La Menza, F.** 2020. *Title:* Use of cover crops as nitrogen, phosphorus, and sulfur catch crops. Internship UNMdP. **Major Advisor.** (Finished).
3. **Rodríguez J.** 2019. *Title:* Zinc fertilization in wheat: yield and nutrient concentration in grain. Internship UNMdP. **Major Advisor.** (Finished).
4. **Torres Y.** 2019. *Title:* Dry matter and nitrogen accumulation in shoot biomass of different cover crops. Internship UNMdP. **Major Advisor.** (Finished).
5. **Ahrndt, D. 2017.** *Title:* Cover crops: effects on corn nutrition. Internship UNMdP. **Major Advisor.** (Finished).
6. **Noblia, Federico. 2016.** *Title:* Organic carbon and its fractions in the Pampean Region soils. Internship UNMdP. **Major Advisor.** (Finished).

SCHOLARSHIPS

- Postdoctoral Scholarship, granted by National Scientific and Technical Research Council (CONICET) **2018-2022**
- Postgraduate Students Scholarship ESCALA, granted by Asociación de Universidades Grupo Montevideo. Universidad de la República, Montevideo, Uruguay. **2017**
- Doctoral Scholarship, granted by National Scientific and Technical Research Council (CONICET) **2016-2018**
- Doctoral Scholarship, granted by National Agency for Scientific and Technological Promotion (AGENCIA) **2013-2016**
- Training Scholarship for University Students, granted by Scientific Research Commission of Buenos Aires. **2011-2012**

AWARDS

- Finalist of “Brian Chambers International Award for early career researchers in crop nutrition”. Awarded by International Fertiliser Society. **2018**
- IPNI Scholar Award 2016. Awarded by the International Plant Nutrition Institute **2016**
- 6th place in honor roll “Agrarius 2011” for academic performance. Awarded by the National University of Mar del Plata. **2011**
- 5th place in honor roll “Agrarius 2010” for academic performance. Awarded by the National University of Mar del Plata. **2010**

INTERNSHIPS

- Fellow Post-Doc at Kansas State University (USA). **2018-19**
Advisor: Ph.D. Ignacio Ciampitti. *Period:* April 2018 – July 2019.
- Training and research internship at Universidad de la República (Uruguay). **2017**
Advisor: Ph.D. Mónica Barbazan. *Period:* March
- Research internship at the University of Georgia (USA). **2015**
Advisor: Ph.D. Miguel Cabrera. *Period:* September – December.

PROFESSIONAL MEMBERSHIP

- Argentinean Association of Soil Science (AACs). **2016-PRESENT**

International Fertiliser Society (IFS) **2018-2019**

Crop, Soil Science & Agronomy Societies of America (CSSA, SSSA & ASA) **2018-2019**

SERVICE TO SCIENCE AND PROFESSIONAL SOCIETIES

Guest Editor of a Research Topic in Frontiers in Soil Science, Frontiers in Agronomy, and Frontiers in Plant Science **2022-PRESENT**

Chair of the Soil Fertility Commission, Argentinean Association of Soil Science **2020-2023**

Undergraduate and graduate thesis reviewer (National University of Mar del Plata; University of the Republic from Uruguay; University of Buenos Aires; National University of Central Buenos Aires) **2020-PRESENT**

Manuscript Reviewer for ACS Sustainable Chemistry & Engineering, Agriculture, Agrociencia Uruguay, Agronomy, Agronomy Journal, Agrosystems, Geosciences & Environment, Archives of Agronomy and Soil Science, Ciencias Agronómicas, Ciencia del Suelo, Crop & Pasture Science, Crop Science, European Journal of Agronomy, Facultad de Agronomía, Field Crops Research, Frontiers in Soil Science, Gesunde Pflanzen, Journal of Food Composition and Analysis ,Journal of Plant Nutrition and Soil Science, Journal of Soil Science and Plant Nutrition, Planta, Revista Agronómica Colombiana, Rhizosphere, Scientific Reports, Soil Science Society of America Journal, Sustainability.

Chair of the Training Commission, College of Agricultural and Forestry Engineers of the Buenos Aires Province **2020-2022**

Member of the Academic Committee of Graduate Area in Plant Sciences and Natural Resources (National University of Mar del Plata), as student's ambassador. **2015 – 2018**

Member of the Graduate Commission of the Agronomy Sciences Faculty (National University of Mar del Plata), as student's ambassador. **2016 - 2018**

EXTENSION ACTIVITIES

Extension projects

“Rainfall simulator: a tool to raise awareness in society about soil preservation”.

Principal Investigator

“Composting household organic waste as a way to promote ecological restoration and soil health”. **Collaborator**

Organization of congresses, symposiums, workshops, and conferences.

Dissertation in workshops and talks to agricultural producers and students.
