

# Part-Time Student Worker Needed

## USDA-ARS Agroecosystem Management Research Unit

### What we're looking for:

- Students with an interest in Agronomy, Soil Science, Natural Resources, or related fields
- Agricultural experience useful, but not required
- Available for 4-8 hour blocks of time, 1-2 days per week
- A positive outlook and willingness to learn new skills

### Job responsibilities:

- Part-time work in the lab, greenhouse, and field
- Lab: Plant, soil, and atmospheric gas sample processing
- Greenhouse: Plant and soil sample preparation
- Field: Plant, soil, and atmospheric gas sample collection

### Benefits:

- Get hands-on experience in agronomy, environmental quality, and bioenergy research
- Learn how to conduct real-world research as a team
- Build a work history as a federal employee
