OVERVIEW OF THE UNL DRY BEAN BREEDING PROGRAM

November 4
3:30 pm

Presented by
CARLOS URREA
Associate Professor, UNL Agronomy and Horticulture, Panhandle Research and Extension Center

Nebraska is one of the top dry bean producing states in the United States, ranking first in great northern, second in light red kidney and third in pinto bean production in 2016. Global engagement of the UNL dry bean breeding activities will be discussed including research, extension and educational components.

Keim Hall, Room 150
UNL East Campus
Refreshments served at 3pm
